RON FISHER WINS KREMLIN!

Congratulations to Ron Fisher on a very quick win in our fourth game of KREMLIN. We'll try to start another game immediately if all the players are amenable. If not we'll accept standby orders to fill to six players. If we can't get a quorum of 4, we'll cancel and run something else, DUNE or TITAN most likely. By the way, official clarifications and errata for TITAN can be found at Reference 1.

The MACHIAVELLI game looks to end soon, and if we don't initiate another, I'd like to replace it with DIP or a variant. So far we have Fisher, Shacklett, Copeland, and Gossman for DIP, O'Hara Anderson, Boyum, and Copeland for COL DIP, and R Fisher and K Wilson for BALKAN WARS.

For what it's worth I got an "A" on my Environmental Planning course, so it looks like all the angst and sweat that went into the paper and the final were rewarded (or it was overkill). Now if I can just get ahead on this last course on international environmental policy so I'll have time to kick out the next three issues on schedule.

GAME OPENINGS:

KREMLIN: There may be openings in the new game. Just send in your notional IP allocation and I'll send along your card draw. You may then revise your IP allocation up to the deadline.

MIRKWOOD: The Russian Southern Front has been shattered. It looks like it's the Russians and French against the Brits, the Germans and Italians against the French, and the Brits, Austrians and Turks against the Russians. This is surely temporary as the French can't afford to let an Italian fleet into the Atlantic and the prospect of three Turkish fleets behind him will surely give Italy pause.

France to Germany: Quit whining. I'm still in France.

France to Italy: Quit whining. I'm still in France.

France to Austria: You'd cried wolf once too often my sleek-jawed friend. I'm still in France. Get yourself a fresh Depends undergarment and try not to sell yourself again.

France to Turkey: I would take it as most kind if you would refrain from suggesting that a mutual acquaintance of ours tread west. Italy needs to face you my Whirling Dervish. It is you who covets Italy's backside. I beseech you to explain yourself to the Italian Prince. My Suburban Turban, I suggest that you stay in Constantinople.

France to Russia: Good day, my Blushin' Russian. Do something good for me.

Germany to France: First, you trounce me in Brittanis, and now this too. Your treachery goes deeper than I thought....

EMBASSY BEAT

Pope (in exile in Perugia) to the infidel Turk: Christianity arises to smote the soulless hordes. The French Church and Court provide funds to begin the retribution. In fear of their immortal souls, forces of the Sultan convert to Christianity and Rome is liberated! Now let the real fun begin!

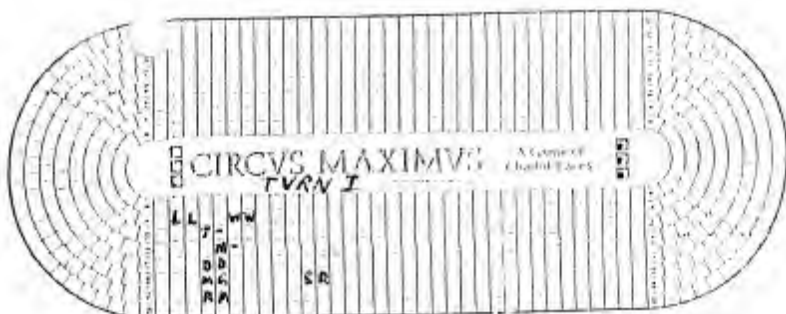

Venice-France: You can run but you can never hide...

Venice-Papacy: Of course you have my full support, Your Honour! My forces will clean up Italy from Ottomans.

Venice-Florence: Us against the Turkish menace?

Venice-Turkey: Please take no offence.

Florence: Now if the other opposing powers on my borders will be kind enough to disband all their units as well...

THEY ARE OFF!

Germany to Italy - You want some frog legs with that wine????

T-A: Please stop spreading false rumors, speculation, and propaganda. I have never entered into closed-door communications with you, as you imply concerning GRE and BUL. All my negotiations without exception, have been open and public for others to witness.

T-R: The Turkish government sends its regrets for the necessity of the latest moves. In the midst of the current world tensions and hostilities, we must act quickly to set up a line of defense to secure our borders against the wrongful intentions of others outside of the R/T perimeter. These dire measures are intended as temporary in nature. Hopefully, they will not be seen as a breach of trust and will allow us to soon work together again against outside dangers.

T-L: Hello, my friend. If you have influence with the Austrians, help them realize that their bombastic oratory fuels the fires of chaos and discord. No one can be sure where an explosion's fragments may fall.

T-G/E/F: Greetings. In such trying times, we still have hope that we can be of future assistance to your peaceful efforts.
